

# How are **so many** people becoming victims of **fraud** and **identity** theft?

Ask “The People Hacker”, **Jenny Radcliffe**, at our  
**Networking & Panel Debate**  
**February 23rd // 17:00 // The Chapel Bar**

Jenny speaks, consults and trains people in the skills of **people hacking** and explains how **Social Engineering** using psychological methods can be a huge threat to organisations of all sizes. She reveals how that same knowledge is a valuable tool for security professionals of all types in the prevention of these attacks, scams and cons of all kinds.
